Demitre Galette is a dedicated board member of The Scholarship Plug, bringing his expertise in logistics engineering and compliance to support educational and community-focused initiatives. With a Master's degree in Logistics Engineering and certification as a ChatGPT expert, Demitre has a proven track record of optimizing workflows, enhancing team efficiency, and driving impactful results.

In his professional career, Demitre serves as a Compliance Practitioner at Lineage Logistics, the world's largest temperature-controlled warehousing and logistics company. His role involves spearheading new processes to improve operational performance, managing safety protocols to reduce workplace incidents, and conducting comprehensive onboarding training. His leadership has been instrumental in achieving perfect scores in annual audits, demonstrating his ability to thrive in high-pressure environments. Demitre's previous role include working as a real estate agent at Bella Mar Real Estate, where he excelled in communication and client engagement.

Educationally, Demitre holds a Master of Science in Logistics Engineering from Florida International University, a Bachelor of Science in Supply Chain Management & Logistics from Broward College, and an Associate of Science in Athletic Training from Enterprise State College. His academic journey is marked by numerous scholarships and awards, including the Bright Futures Scholarship, the Ernest Wooler Scholarship, and the NJCAA Basketball Scholarship.

Beyond his professional achievements, Demitre is passionate about giving back to the community. He actively supports nonprofit organizations like Project Teach, LLC, and has held leadership roles that foster youth development and education. His commitment to excellence and community service makes him an asset to the nonprofit sector.
